

IMPACT REPORT 2022

OUR MISSION

Out Youth promotes the physical, mental, emotional, spiritual, and social well-being of sexual and gender minority youth so that they can openly and safely explore and affirm their identities.

The positive changes over the 19 years, from when I started at Out Youth as a college intern, are nothing short of miraculous. This community and our society have come so far to affirm LGBTQIA+ young people, and yet we still have much further to go. But when the rainbow on the horizon seems far off, I find encouragement by looking back at how far our supporters have taken us:

- from the donor who gave us the down payment to buy the Blue Bungalow,*
- to the donor who paid off that mortgage,*
- to the foundations, businesses, and supporters along the way that funded our team's growth to 15 staff members serving over 1,200 youth.*

The future is bright, family. Enjoy this Impact Report as evidence of the bright beacon of hope you provide.

QTBIPOC Needs Assessment for Central Texas

In 2022, Black Trans Leadership of Austin (BTLA) and Out Youth completed a two-year community-led survey that addresses the lack of available data on the needs of Queer, Trans, Black, Indigenous, People of Color (QTBIPOC). Our survey of 50 Black and Afro-Latine transgender and gender-diverse individuals found that people in the QTBIPOC community face housing, transportation, employment, safety, and belonging disparities.
